

ERASMUS STRATEGY 2019-2021

LA FABRIQUE, the leading graduate school of the Greater Paris Chamber of Commerce and Industry, specialised in Trendy and Sustainable Fashion Products, Luxury Leather Goods, Upholstery and Merchandising, aims to enhance its international development, mainly in Europe, in order to:

- encourage the outgoing and incoming European mobility of young talents, and future professionals of our aforementioned sectors. It will allow them to develop their academic background and know-how, and their employability
- facilitate the professional transition of young people and adults, in our sectors, to a long-term vocational rehabilitation
- offer new opportunities to its faculty members, such as working within other teaching teams from specialized departments of universities in Europe
- host visiting professors in our School
- build relevant international cooperation partnerships in our academic and research fields, in order to produce new innovative and vocational training programs in our fields of specialization
- offer new opportunities to its staff, such as job shadowing and professional collaboration.

To reach its goals, LA FABRIQUE targets:

- Fashion schools and Art and Design Departments of Universities
- Schools and Universities specialized in Art and Architecture
- Business Schools with specialisations in Management, Business, Entrepreneurship, and Marketing
- Executive Education Departments of Universities
- Professional Bodies specialized in our teaching and research fields

mainly in Europe.
